**Attendees:** Jim Garrison, Joanne Moser, Kris Jommersbach, Barb Ray, Bob Friebel, Kehl Rothermel, and Molly Ruzicka

**Not in Attendance:** Jon Gayl

---

The Historical Commission meeting commenced at 7:00 pm.

### General

- **Meeting Minutes** - The October 16<sup>th</sup> meeting minutes were reviewed and approved.
- **Grange Signage** - Ms. Jommersbach informed the Commission that Kim Moretti has added the appeal for any photography of the Kimberton Grange to the township website and Facebook accounts. Ms. Ray continues contact targeted people to see if they have any photos. Ms. Ruzicka will be contacting the Pennsylvania State Grange.

### New

- **1266 Hares Hill Road** - Mr. Garrison indicated that the Historical Commission consultant and the Township Zoning officer will be addressing four distressed historical properties identified by the Township. They plan to visit each property inspect the outside and - with the permission of the owners - review the interiors for signs that the lack of exterior maintenance have led to possible damage throughout. Once the site visits have been completed, they will issue an assessment report of each property to the Historical Commission. Upon review of these reports the Commission would recommend necessary remediations for the stabilizations of the four properties. The intention of looking at the group is not to single out a particular owner or condition, but to show that there can be different forms of demolition by neglect that might have different outcomes.
